Congressmen Are Fighting To Save Sugar Act

The Glades sugar industry received powerful reinforcements last week in a growing fight with the U.S. Department of Agriculture to maintain the U.S. Sugar Act beyond 1974.

U.S. Senators Russell Long of Louisiana and Wallace F. Bennett of Utah, the chairman and ranking minority members of the Senate Committee of Finance, sent a letter to President Nixon Thursday explaining the act's benefits.

The committee on finances has jurisdiction over the act, which is up for renewal this year and the Senators asked the President to make clear statements the government intends to support that renewal.

Long and Bennett also asked Nixon for a statement to the 30 nations which import sugar that there are no plans to suspend the act by administrative action during the current year.

The strongly worded letter said these two statements should help stabilize the U.S. market price of sugar. That price has jumped to 13.5 cents per pound this month over a high for the year of 1973 of 11.65 cents.

As of Friday, the world market price was 16.85 cents per pound in the Caribbean but officials said the price would be 18.50 cents by the time the further freight and other charges were added on to import it into the country.

The two senators said the U.S. market price has risen so steeply over the past couple of months because of statements and policies made by Arthur Calaginni, director of the U.S. Department of Agriculture Sugar Division and Kenneth Frick administrator of the USDA Agricultural Soil Conservation and Stabilization Service.

Calaginni and Frick have said in several recent speeches they felt the Sugar Act should be eliminated, "uplifting it with a program along the lines of Agricultural Act of 1973."

On Jan. 11, Calaginni also decreed an additional 500,000 tons, over and above the previously determined 12 million tons already allocated, could be shipped into the country on a first-come-first-served basis.

"This action," the two Senators wrote, "is badly undercutting one of the main strengths of the act which has been the obligation of foreign countries to ship their specific quota to the U.S. or else be penalized on future quotas."

"Failure to allocate the additional imports on a country by country basis could lessen our ability to get the sugar we do need," they wrote.

The result, according to Long and Bennett, has been that importers have been holding back their shipments, hoping the U.S. price will soon rise to world market levels, and is also driving up domestic prices.

"As you know," they wrote President Nixon, "worldwide sugar is relatively scarce, especially for the first half of this year."

The Sugar Act is specifically designed to insulate our market in large degree from the idiosyncrasies of the world market. As such, it tends to protect the domestic industry, to promote stability and foreign commerce, and to assure U.S. consumers adequate supplies at stable prices."

Local officials of the sugar industry agree with the two senators that the actions of Calaginni and Frick have resulted in just the reverse of what was intended by the Sugar Act.

"A lot of people don't think U.S. prices would be as high as they are right now if it weren't for the announcements Calaginni has made," Florida Sugar Cane League Vice President and General Manager Nelson Fairbanks said.

He said the world sugar situation is "tight" and U.S. prices would have risen to some extent anyway but he said he thinks the announcements have accentuated the problem.

He said one problem is that the average American doesn't use great quantities, approximately 100 pounds a year, but they will have that amount even if the price jumps extremely high.

He said the world and U.S. sugar prices don't react in a normal way to supply and demand, that a slight increase in either can mean a tremendous leap or drop in prices.

Another local official said Florida is the only domestic sugar producing area which has consistently met its quota. He said domestic sugar beet growers missed their quota by half last year and Hawaii and Louisiana haven't met their quotas the past two years either.

Puerto Rico was one former major supplier, with a quota a few years ago of more than a million tons. Labor problems there have resulted in a total annual production of approximately 250,000 tons—just about what the territory consumes.

Texas farmers expected to harvest their first major crop this year but severe frozes in December killed more than 75 per cent of their crop.

There have been named as some of the reasons for such high prices of sugar on both the world and U.S. markets and for Calaginni's moves.

Truck Overturns

Two employees of the Sugar Cane Growers Cooperative of Florida escaped major injuries Tuesday afternoon when the driver of this welding truck lost control on Duda Road near the Airport Road intersection. The truck rolled over, "an undetermined number of times,"

according to Florida Highway Patrol Trooper William Grubbe. Raymond Ferrell, 22, of 18 N.E. Ave. C, Apt. 19, was treated and released at Glades General Hospital. The driver, Jeffery Leon Cobb, 21, of N.W. Ave. B, escaped with injuries minor enough to not require treatment.

South Bay Sewer Goes On The Line

The South Bay City Commission learned in a special meeting Monday night the city sewer system is operational and city residents have received what they have 90 days to hook up to the lines.

City Clerk Virginia Walker said there were about a dozen homes in the city which were either connected into the system or were being connected and the plant is operating.

The announcement came at the most recent meeting after the July 10, 1973 target date for the completion of the system by LaGrone Construction Co., the prime contractor in installing the city's first sewage treatment plant and system of lines and manholes.

Ironically, this was one of the few meetings held by the commission in recent months when there was no one present in the audience to complain about the condition of streets following the installation of lines.

Mrs. Walker assured Commissioner Esther Berry the city is still withholding final payment to LaGrone until the commission is satisfied LaGrone has left the streets in a satisfactory condition.

The commission decided to look for an employee to tell the residents where they are supposed to hook up to the system, to collect hookup fees (of \$15 per unit) and inspect the connections once they are made.

Mrs. Walker said residents can either make the connections themselves or can hire a professional plumber to do the job for them. Information on the location of proper connection points and specifications of connections can be obtained at the city hall.

Major construction began on the system in 1972 and ended several weeks ago with minor adjustments and additions to the system coming within the past few days.

In another move, the commission decided to purchase a road

grader preparatory to taking over maintenance of city streets by city work crews.

The decision was made when the commission learned City Building Inspector Max Harrell believes he can buy a used grader for approximately \$5,000 but the commissioners left the purchasing price open but subject to their final approval.

The commission also directed Police Chief August Dreeson to begin enforcing a standing city ordinance prohibiting "commercial vehicles" from traveling on residential streets.

The move came when Commissioner Berry proposed an ordinance prohibiting large buses and heavy trucks from traveling on the streets, south of US27 on Palm Beach Road.

"It's terrible," she said, "Some of them go by and I know they're doing 45 or 50 miles an hour and they make so much noise you can't sleep."

The commission had been expected to accept or reject the resignation of Mayor John Deaton but decided to table the matter until the next regular meeting on Tuesday night.

"I'll be the first one to report it if I see anything larger than a taxi," Miss Berry said.

The commission had been expected to accept or reject the resignation of Mayor John Deaton but decided to table the matter until the next regular meeting on Tuesday night.

"You might well ask," Mallory said, "why we haven't started

Steel Shortage Holds Up Work On Sewer Plant

Delays in opening up new housing in Belle Glade was traced back to the nation's shortage of raw steel this week.

The Palm Beach County Pollution Control Board has placed a moratorium on connecting any new housing into the city's sewage system until ongoing modifications are completed.

The modifications were expected to be completed Jan. 1 but City Manager William Mallory said Tuesday Webb General Contracting, Inc. is being held up because the company can't get 75 to 100 feet of drive chain resembling a bicycle chain.

A representative of the company, Mallory said, said Monday he had called his supplier and told him he was going to sue him for failure to deliver the chain.

Mallory said the Webb representative may have been being facetious but he said the supplier told him to go ahead but he would have to get in line, that about 40 other contractors were already threatening to sue.

"Very sorry," the supplier was reported to have said, "but I can't deliver the chain when I can't get steel to make it."

Mallory said the chain is supposed to be used to drive large paddles in the plant's settling basins.

He said the city can't take legal action against Webb because Webb's contract carries a clause, demanded by all bidders for the job, that the contractor can't be held liable for not completing the job on schedule because he can't get materials.

The city manager said all the contractors bidding on the job apparently expected the shortage of materials when the bids were advertised.

In the meantime, the moratorium placed on new sewerage connections effectively stops anyone from moving into new housing since the county health department won't issue permits to install septic tanks.

Mallory said the supplier reportedly told Webb Contracting not to expect the chain before Feb. 28.

Despite the delays, however, The Richmond Co. of Belle Glade was working this week to install sewerage lines in the Southwest section, although homes in the subdivision can't be hooked up until the moratorium is dropped.

Mallory said the local contractor will install sewerage lines and manholes along 15 blocks on Southwest 12th Street and avenues leading off 12th.

"You might well ask," Mallory said, "why we haven't started

work on a sewage treatment plant in the Northeast section of town, and that would be a valid question.

The answer is, he said, "that we won't know what we're going to need there until we have the modifications to this plant completed and have it in full operation."

"We have projections on what the modifications to the plant lines will do for us," he said, "but projections and reality are sometimes two different things."

The present treatment plant was originally designed to have a capacity of one million gallons per day and modifications are supposed to increase that capacity to 1.5 million gallons per day.

"But we have had in the past," Mallory said, "3 million gallons a day pass through the plant."

Most of the excess was due, he said, to infiltration of ground water into the sewerage lines, which had deteriorated to the point in some cases where the lines passed more ground water than sewage into the plant.

A large portion of the older lines were inspected and repaired last year during a general rehabilitation project.

"Until we find out, we don't know whether we need another plant with a million gallon per day capacity, or 400,000 or 1.5 million."

While the plant modifications wait on the chain, the moratorium on housing continues to remain in effect but at least part of the city commission faces ignoring it.

"People are going to go to the bathroom," Commissioner John Grady said during recent commission discussion "whether they go in their own house or across the street."

He said he was in favor of allowing residents to make connections to the sewage lines in spite of the moratorium, "and if they want to stop them, let them get an injunction."

Airplanes To Fight Mosquitoes Again

The Belle Glade City Commission took steps Monday night to insure bugs in the area get killed, if any, rest.

The commission renewed for another two years the contract now held by Ag-Air to spray the city for mosquitoes, taking advantage of the clause in last year's contract for a reduction in prices.

The contract calls for the company, owned by Howard Barker, to spray the city a guaranteed minimum number of 24 times per year at 25 cents per acre.

Last year's contract called for the first 24 sprayings to be done at 9 cents per acre. Both that contract and the one signed for the next two years call for lower prices if more sprayings are needed.

In a series of other actions, the commission also:

- Directed City Attorney John Baker to draw up an agreement to supply A. Duda & Sons with water for a labor camp on Duda Road.

The city, under the agreement, also received a six inch main Duda has already had lain from

the Celery Exchange to where the meter will be installed and has accepted a \$12,000 check to install the meter.

• Agreed to annex a 20 acre plot of land on Tabit Road owned by Richard VanLandingham which VanLandingham reportedly plans to build a trailer park.

• Accepted the sole bid to purchase another "Trash Mast," a bucket the city uses to pick up trash, from Lake Equipment for \$16,138.

• Accepted a bid from Glades Chevrolet to buy six pickup trucks for \$2,998 each.

• Found the city hall, projected to be built in McDonald Park, is in five stages of planning before being presented to the commission while the architects will meet with city officials in the near future on plans for the proposed new fire station.

• Heard Neighborhood Development Project site improvements along several streets in the southwest section of town will begin next week, provided a survey is completed on time.

18 Year Bank Veteran Promoted

An old employee was made a new officer of Florida First National Bank last week when Mrs. Lurline Brooks was named assistant cashier at the bank's annual shareholders meeting.

Bank President, Frederic D. Rogers said Mrs. Brooks has been an employee at the bank for 18 years.

The shareholders also reelected four officers at the bank and elected a slate of eight directors.

The officers who were re-elected were Dean S. Campbell as chairman of the board, Rogers as president, Lenwood Fuller as vice president and cashier and Mrs. I. Rebecca Sheppard as assistant vice president.

Named to the board of directors were Dr. J. Allen Baker, Dean S. Campbell, Bank President, Frederic D. Rogers, Gustave W. Crews, Otto Larson, E.A. McCabe, Frederic D. Rogers, Ruth S. Wedgworth and James F. Wooten.

NEW BANK OFFICER LURLINE BROOKS IS CONGRATULATED ABOVE by Frederic Rogers as Mrs. I. Rebecca Sheppard and Lenwood Fuller look on.

Conmemoracion del 28 de enero

El pasado domingo dia 27 de enero se celebró en la Primera Iglesia Metodista de Miami, un culto de recordación y gratitud a Dios por la vida de nuestro Apóstol José Martí.

El Pastor de la Iglesia, Rev. Bazzell Vazquez puso en las manos del Dr. Rolando Espinosa y del señor Francisco Radillo la coordinación de este acto de recordación del Apóstol Martí.

Entre los que concurrieron al acto estaban, el Senador Radio Cremata, el General Abelardo Gomez, el Dr. Gabriel Rodriguez el periodista Daniel San Roman, el Rev. Jose R. Morales, el Rev. Moises Toirac de la Iglesia Bautista, y participando en el programa el Trio de la Iglesia Bautista de Riverside.

En este acto, en que se agradece a Dios, el haber podido enriquecer nuestra cultura con un hombre cuyos trabajos literarios hermanos latinos y los anglos, se elevaron oraciones por una pronta liberación de nuestra patria de la mano soviética.

Después de terminado este acto, la familia de Jose Ortiz miembros de la Primera Iglesia Metodista Unida de Miami, ofrecieron un rico brindis a todos los concurrentes e invitados especiales.

Sabia usted que...? de vez en cuando hay que reir...

Alguien se interesa en saber como se distingue el alemán del optimista? La respuesta fue muy sencilla: El alemán pesimista estudia ruso... el optimista, ingles.

HABLANDO CON PEPITO:

Dime Pepito, en cuantas partes se divide un avion? PEPITO: Bueno eso depende. Depende de que? PEPITO: Si señor, eso depende de la altura que caiga.

se necesita un piano

Si usted sabe de alguien que tenga un piano en buenas condiciones y este desandando venderlo, favor de llamar al 996-3283, o de enviarnos a esta redacción su nombre y dirección con mucho gusto, la persona interesada pasara a verlo. El piano es para dos musas. Si usted tiene uno o vende, de alguien que lo este vendiendo, como lo haga saber.

The Belle Glade Herald. Jan. 31, 1974. 5A Cumpleaños

Para Lo Juvenud

Es de mucho aliento para nosotros el contemplar las vidas jóvenes que pueden vencer las tentaciones y los problemas con los cuales cada joven y cada muchacha tiene que enfrentarse. Es triste, ver como vidas de grandes valores, caen en el camino de sus vidas y en la época de la juventud, como víctimas de manos y mentes malvadas, que buscan la riqueza perdiendo las mentes de jóvenes inocentes.

Muchos jóvenes hacen de sus vidas lo mas alto que pueden aspirar, otros las descienden hasta lo mas bajo que nuestras mentes a veces es imposible aceptar.

Otros buscan en el estudio y el trabajo fuerte el estímulo y la meta a alcanzar, otros la vagancia les vence, y escogen el camino del menor esfuerzo.

Sin embargo, hubo alguien que intento lo mejor para la juventud El Creador, nuestro Dios, proveyo esos tiempos de juventud, para la preparación de una vida adulta exitosa.

Atentamos a la juventud de Belle Glade, que busquen el verdadero camino a una vida de experiencias positivas, a padres, sus hermanos, Lourdes Margarita y Jorge Blanche, sus abuelos Lola y Augustus Blanchard, y Merida Domenech, sus primas Angel Cesar y Geisela Echenique, sus hijos Carlos, Jose, Mariu y Lol.

Ademas los siguientes amigos Victor Perez, Freddy Alvarez, Jorge Estrada, Adrian y Ricky Puig, Alejandro Toledo, Jose y Juan Armas, Carlos Torres, Henry Alava, Antonio Dubois, Raulito Garcia, Maria A. Vidal, y Johnny y Rebecca Teliche.

El dia 28 de enero, celebró su cumpleaños la linda señorita Lidia Quevedo. Lidia es hija de los esposos Requeles y Lidia Quevedo. Esta jovencita, "My act" en el coro de la Iglesia Metodista Community, asiste al Christian Day School. Nuestro mayor deseo es que ella pueda convertirse en una mujer de bien y que pueda llevar adelante los planes y los sueños de toda muchacha joven.

Para nuestra amiga en Pahokee, la linda Maritza Ross, y para nuestras felicitaciones adelantadas por su cumpleaños el proximo viernes dia 1ro. Maritza es hija de los esposos Nilo y Juliana Ross. Esperamos como lo esperamos de todos nuestros amigos y amigas, que puedan seguir cumpliendo muchos mas, y que pueda haberlo gozando de la compañía de sus padres y hermanos. FELICIDADES.

Nuevo Hogar

Los esposos Carlos y Luisita Blanchard desean in-itar a sus amistades a conocer su nuevo hogar, en el 961 S.E. 2nd

Los esposos Blanchard, esperan recibir las visitas de sus amigos y juntos compartir su vida y entusiasmo en este nuevo hogar que Dios les ha permitido adquirir. Nuestro deseo particular es que puedan gozarse en el, y que muchas cosas buenas puedan disfrutar esta familia querida.

A Nuestros Lectores

Les invitamos cordialmente enviarnos sus noticias a esta redacción, para publicirlas. Recordamos sin embargo que las noticias deben venir debidamente firmadas y dirigidas al Belle Glade Herald "Spanish News". DEJENOS SABER DE LO IMPORTANTE E INTERESANTE QUE HAY EN SU FAMILIA Y EN SU CIRCULO DE AMISTADES.

El domingo es el dia de adorar a Dios. Asista a la Iglesia de su preferencia

THREE GLADES CORRECTIONAL INMATES COMPLETE TRAINING...they travelled to Raiford State Prison where they earned junior college credits

3 Complete Program

Three Glades Correctional Institution employees recently completed a 160 hour training program at the Correctional Training Institute in Raiford as part of an ongoing training program for state prison personnel.

Edgar Elliott and William M. Eures took the training in Correctional Administration, Correctional Operations and Human Relations. They also received nine semester credits each from Lake City Community College for their participation in the training program.

The state Division of Corrections developed the course to upgrade capabilities and effectiveness of existing personnel and to train and qualify new needed manpower to achieve standards for treatment, control and habilitation.

Folks You Know

Deanne Doney
Private Deanne Doney, 22, son of Mr. and Mrs. Thomas Doney, 524 S.E. Sixth Drive, Belle Glade, completed eight weeks of basic training at the U.S. Army Training Center, Fort Knox, Ky.

He received instruction in drill and ceremonies, weapons, map reading, combat tactics, military courtesy, military justice, first aid, and army history and traditions.

Joel Alexander
Private Joel Alexander, 22, son of Mrs. Laura E. Alexander, 238 Holman Court, Pahokee, completed eight weeks of basic training at the U.S. Army Training Center, Fort Knox, Ky.

He received instruction in drill and ceremonies, weapons, map reading, combat tactics, military courtesy, military justice, first aid, and army history and traditions.

Herbert Johnson
Army private Herbert Johnson, son of Mr. and Mrs. Mary Ethel Johnson, North West 10th, South Bay, is assigned to the 1st Cavalry Division at Ft. Hood, Tex.

Pvt. Johnson is a field wireman in the division's 8th field artillery.

His father, Henry L. Thomas, lives on powerline road, Pompano Beach.

Calvin Edmondson
Army Private first class Calvin Edmondson, 22, son of Mrs. Bernice Edmondson, 9172 W. Ave., Belle Glade, is serving with the 83rd Ordnance company at Camp Ames, Korea.

Pvt. Edmondson is a forklift operator in the company.

Michael Hadden
Private Michael R. Hadden, 18, son of Mr. and Mrs. Roy Hadden, 1718 N.W. Avenue F, Place, Belle Glade, completed eight weeks of basic training at the U.S. Army Training Center, Fort Knox, Ky.

He received instruction in drill and ceremonies, weapons, map reading, combat tactics, military courtesy, military justice, first aid, and army history and traditions.

Donald Hunt
Jacksonville - Navy Airman Donald O. Hunt, son of Mrs. William Bullant of 342 W. Alverda, Clewiston, returns to his homeport at the Naval Air Station here with Patrol Squadron 56. Hunt participated in a training exercise aboard the aircraft carrier USS America.

A former student of Edison Junior College in Fort Myers, Fla.

CIVIL SERVICE applications are now being accepted for the following positions: (1) Office clerk, (2) Police officer, and (3) water & sewer treatment operator. Applications may be obtained at South Bay City Hall until 5:00 P.M., January 30, 1974.

Civil Service Exams will be held at City Hall January 31, 1974, at 7:00 P.M.

Beta Xi

Meets

Beta Xi held its regular meeting at the home of Mrs. Don Flichs on Tuesday, Jan. 22.

Guest Maria Carter from Nu Kappa Chapter presented their oil painting by Ann Tyler which they will give away in their Raffle on Feb. 4. The proceeds will go to the Nellie Smith Residence for Girls, Inc.

During the business meeting, Social Chairman, Vivian Miller, reported a fun "Day on the Town" on Jan. 19 with a luncheon at the fabulous Patricia Murphy's Candlelight Restaurant in Boca Raton and an afternoon of shopping following.

Jeanette Cameron, Ways and Means Chairman, noted a successful Exercise Class in progress. Meetings are held twice weekly on Monday and Thursday mornings from 10 - 11 a.m. at the Episcopal Education Building. Everyone is welcome. There is always room for more.

Agelita Sanchez extended an invitation to the Chapter to attend a luncheon at the Big B Ranch on Saturday, March 2.

The program entitled "The Connoisseur" was presented by Anna Mae Chapman. Each member presented items from her favorite collection or an article which she valued.

The collections ranged from fun items as sun glasses and whistles to beautiful jewelry and paintings.

Following the business meeting, the hostess served cake, coffee and tea to the following members: Mrs. Lee Burke, Mrs. Tom Bushee, Mrs. Bon Cameron, Mrs. Marian Chapman, Mrs. Joe Crockett, Mrs. Edith Freedlund, Mrs. Bertha La Chance, Mrs. Terry Miller, Mrs. Ben Painter, and Mrs. Alvaro Sanchez.

Bridge Winners

The Open Duplicate Bridge Club will hold its first games at Belle Glade Elks Lodge 1617 on Southeast Avenue E. The club met on Tuesday nights last year but Mrs. Guy Wood said it was agreed more players are free on Thursday nights.

WONDERFUL WAGONS BY CHEVROLET

CAPRICE ESTATE

For a full inventory of wagon merchandise, with the looks, feel and ride of luxury, turn to the Caprice Estate Wagon. Elegant touches include wood-grain vinyl panels, all-steel and steel. Finding second and (in 3-door model) third rows are the new Flip-Down type. Its Glider-style valance disappears out of your way for easy loading and unloading. Air, vinyl, carpet, power locks, Turbo Hydramatic transmission and variable-ratio power steering are standard.

IMPALA

Year in, year out, Impala's been the most popular of Chevrolet wagons. Standard are Glider-style valance, Flip-Down second and (in 3-door model) third rows, Turbo Hydramatic transmission, power brakes and power steering. Aerodynamic, rear design deflects air, helps keep the rear window clear.

GLADES CHEVROLET

Palm Beach County's Oldest Chevrolet Dealer

At Tom Norton Motor Company Good Service Is Our Bag!

"I try to do my work right the first time so the customer will be happy," says Bill Lallier, one of the fine group of mechanics at Tom Norton Motor Company in down town Belle Glade. "Whether it's a simple repair to a door, or a more complicated transmission job, I take the same kind of care. And when I'm through, I'll not only take time to clean your car, but, space permitting, I will place the old parts I have taken out of your car and put them in a plastic bag in your trunk. I take great pride in my work, but I'm human too. So if something isn't just right you let me know. Because I want you back as a customer. And so does my boss."

STARTING THE JOB

News From The Home Front

Spudder, Spudder

Spuds and muck went flying Saturday but no one was injured when a produce-loaded tractor-trailer slammed into this Pahokee Produce truck on SR50 at the L-8 levee just east of 50 Mile Bend, Florida. Highway Patrol Trooper F.J. Groves said he found a broken hydraulic line on the potato-laden truck, confirming driver Roy Parker's story his brakes failed him, and his truck couldn't be stopped from crossing

the highway he was attempting to turn west on off a road paralleling the L-8 canal. Glen Kimball of Waterford, Wis. was driving the semi-truck, along with his father Ed Kimball, the larger truck's owner. He said Parker was literally airborne when he crossed Killer 80. As can be seen, the larger truck hit the smaller so hard Parker's front wheels were popped from under the truck.

Sugar League Urges Fuel Saving

A list of 11 ways area sugar growers and their employees can do their part to ease the fuel shortage was distributed Friday by the Florida Sugar Cane League.

League Public Information Director William Hunter said the Federal Energy Office has assigned a top priority grouping for all fuel categories to agriculture, and added the growers should be able to get the fuel they need to operate.

But even though farmers have a first call on gasoline, diesel, bunker C, propane, aviation fuel and others, Hunter said, "each company, grower and employee should do all they can to conserve fuel to help carry out our national policy to reduce fuel consumption."

The league suggested the growers:

•Load all cane transport vehicles, trucks or rail cars, full to reduce the number of trips.

•Maintain and operate vehicles for "maximum fuel efficiency" by properly inflating tires, operating vehicles smoothly with no "jackrabbit starts and stops," shut down engines when possible—and have regular engine tuneups.

•Plan and combine trips to eliminate unnecessary trips, as well as conducting as much

business as possible by radio and telephone.

•Raise office thermostats to 78 degrees when cooling and lower thermostats to 68 degrees when heating.

•Reduce lighting where feasible.

•Replace as many incandescent light bulbs as possible with fluorescent tubes.

•Use baggage as much as possible to fire boilers to reduce the use of bunker C.

•Encourage employees to drive to work by car pools.

The league recommended that employees follow as many of the above measures as apply to them at work and at home.

Cecil Conley To Speak

The Belle Glade Women's Club will hold its monthly meeting Feb. 7 at the Army. The speaker will be Dr. Cecil Conley, Executive Dean of the Glades Branch of Palm Beach Junior College.

Fashions Reviewed

Glades Central students previewed a line of do-it-yourself fashions Friday as Homemaking students modeled clothing, some made by themselves and some brought in by Southeastern Regional Sales Manager Linda Gibbons of Simplicity Pattern Co. The two patterns above were meant to point out the versatility of a reversible jacket.

C D McClure Resigns

Special Election Planned For Soil - Water District

The Palm Beach-Broward Soil and Water Conservation District Board of Supervisors is asking for special election to replace the sole trustee living in the Glades.

The election will be meant to replace Cecil D. McClure of Belle Glade and could be the last election the district will have under the auspices of the state Department of Agriculture.

McClure is resigning with two years left of his present three year term. McClure made no comment on the reasons for his resignation.

The supervisors are asking for the special election to be held Mar. 26 but a secretary at the district's office said no confirmation on that date has been received yet.

Unlike most elections, which come under the authority of the state Supervisor of Elections, the district's elections are set up under different rules and regulations.

This may change, however, since state Rep. Tom Lewis said last week he intends to file a bill requiring the elections to be held in general elections.

"How many voters in Palm Beach and Broward Counties are aware that they can vote in the Soil and Water Conservation District elections," Lewis queried.

"I must admit that I had not even hear of this district until a year ago," he said, "and, as I did a little investigating, I was very much surprised at what I found."

He said he was surprised to find the district, as other such districts throughout the state, is funded through state and federal funds to conduct surveys, investigations and research relating to soil erosion, floodwaters and soil and water resources.

"The work of the various Soil and Water Conservation Districts throughout the state is, indeed, worthwhile," Lewis said, "however, the method of electing the supervisors is far from worthwhile."

He criticized the polling places at the County Offices Building in Belle Glade, a grain and feed store of SRT in rural Delray Beach and at the Farm Extension Office in Fort Lauderdale.

"Since these elections are not highly publicized," he said,

"not that many registered voters even know they can vote in them."

Should the state legislature adopt Lewis' bill, the elections would be held in November in conjunction with the general elections and candidates would

be required to file a nominating petition signed by 25 or more qualified voters with the Secretary of State in Tallahassee.

Lewis said the bill would increase public awareness of the elections and reduce their costs.

"I like this bill," he said, "because it doesn't create any new laws, regulations or agencies. It just does a little housekeeping in the interest of the people, with what is already there."

Switch And Fight

"Now, this isn't an announcement," Belle Glade City Commissioner John Grady quipped Monday when he switched political parties, for the second time in little more than a year.

He was making the switch from the Republican Party, which he joined in

1972, to the American Party, which has asked him to run for the U.S. Senate seat now occupied by Sen. Ed Gurney. Grady said he believes the leaders of both major parties have sold out America. He became the fourth American Party member in the Glades

Jan Unwin of Pahokee said this week she assumed Jan. 14 her new duties as director of nursing for the Palm Beach County chapter of the American Red Cross.

Miss Unwin is a June graduate of the University of Florida, earning a bachelor of science degree in nursing. She said she has plans to expand service to the Glades in particular and the county in general.

"We plan to provide home nursing courses for condominium communities as a new project and expand the Mother and Baby Care classes throughout the Glades."

She said the reason she intends to concentrate more energy on the Mother and Baby Care Centers is the increasing number of girls who become pregnant and remain in high school.

"Since there are so many," she said, "I think they should at least learn how to take care of themselves and their babies."

Miss Unwin said she became interested in nursing as a career while a student at Pahokee High School.

NEW DIRECTOR OF NURSING JAN UNWIN...tries her new desk at Red Cross office on far side.

Membership Drive Begins

The 1974 Belle Glade Chamber of Commerce membership drive got underway last week as Lee Berryhill welcomed eight new members to the chamber. Above, he is shown welcoming Fred John of the Elk's Lodge, Teresa Evans of the Slack Shack (soon to open), Berryhill himself, Sharon Grooms of This 'n That, George Burch of Lake Hardware and Laura Hayes of The Haze. Below,

Berryhill welcomes retired barber Clarence Davis, Vernon Jones of Benny's Auto Parts and Robert "Buck" Story of Best Buy Drugs. Berryhill is captain of one of two teams vying for the most new members. The winners will be treated to a steak dinner while the losers eat beans. He said the COC began the year with 244 members and the goal is 300.

This 'n That

These four little ladies are taking advantage of one of the services of a new store in Belle Glade. This 'n That, located on S.E. Ave. B, specializes in arts and crafts, and Sharon Grooms and her partner, Nataleeah Nachman, offer crafts instruction to children on

Saturday mornings and to adults during evening hours. The girls above are using something called Instant Papier Mache to make this 'n that. From the bottom, moving clockwise, they are Robin Whidden, Becky Wallis, Cathy Mallory and Kris Kirchman.

The Sporting Scene

Mims Named Most Valuable Player

OUTSTANDING RAIDER OFFENSIVE BACK OF YEAR JERRY CLARK
...accepts his trophy from defensive coach Johnnie Davis at awards banquet.

Kudos and questions were the order of the night Jan. 24 when James Mims was named the Raiders' Most Valuable Player during the Glades Central Football Awards Banquet.

Raider Wrestlers Win GCHS Second Place

Sterling performances by outstanding Raider wrestlers put Glades Central in second place in the 12 team Suncoast Conference Wrestling Tournament. Winning first place trophies were Anthony Wilson and Clark Lloyd while Ronald Collins finished second. William Clark third, and Wellington Rolle third.

Coming off of such an aggressive tournament finish, the Raiders lost to a gutsy "Spartan Beach High School" team 35-19. Since then, however, it's been three wins in a row for the improving wrestlers.

First it was Atlantic that was handled easily 47-11. But several days later it took near perfect performances from "Charles Smith and Anthony Wilson to clinch a 28-27 victory

at Forest Hill. Most recently it was home against a strong Jupiter squad that had defeated Glades Central earlier in the season. The improvement in the local team was evident when the Raiders won 11 of the 17 bouts wrestled.

The evening's matchup in the unlimited weight division featured undefeated Clark Lloyd of Glades Central versus undefeated Tom Hislop of Jupiter. Now Lloyd is still undefeated and Hislop isn't. The Raiders humbled Jupiter 35 to 17.

This week the Raiders are at home twice. On Tuesday they face Fort Pierce Central and on Friday it will be Suncoast in the Glades Central gym. Bouts start at 7 p.m. and admission is only 50 cents for students and a dollar for adults.

Football Awards Banquet. "I've ever coached a player I would tell younger players to pattern themselves after," Head Raider Coach Al Werneke said, "this boy (mims) is the one."

Besides being named the MVP for the year, Mims was named co-captain by his fellow players and received further recognition by being named to the Palm Beach Post's All Area First Team.

Mims was an outstanding middle linebacker for during his senior year, with his 108 tackles for the season a runaway first place for the team.

Besides his tackles, Mims also made two pass interceptions and recovered three fumbles and he was one of the reasons the Raider defense held season opponents to a total 478 yards rushing in 281 attempts and limited scoring against the Raiders to 79 against the Raiders' 198.

The questions came from University of Tampa head football coach Dennis Fryzell, who asked the Raiders why, coming off a 13-0 season in 1971 and a 12-1 season last year, they compiled a 6-3-1 record this year.

HEAD FOOTBALL COACH AL WERNEKE HELPS JAMES MIMS HOLD
...his trophies as Most Valuable Player, co-captain, and best defensive back.

"That bothers me," Fryzell said. "A lot of coaches would be more than satisfied." Fryzell said the answer might be that the players, "must look at yourself in the mirror every day for the rest of your lives."

He said the first loss, in 1972, must have been hard but later losses would become easier to take until the players finally wouldn't be so bothered at all.

To me," Fryzell said, "it all means discipline. When you're unbeaten and number one, everybody else tries twice as hard to knock you off and you

have to work even harder to stay unbeaten." Other Raiders winning outstanding awards were Calvin Willis, the Outstanding Defensive Lineman, Daniel Brown, the Outstanding Offensive Lineman and Jerry Clark, the Outstanding Offensive Back.

Mims was joined as co-captain by Daniel Brown and on the All Area First Team by Jerry Clark. Willis was named the Palm Beach Times Unsung Hero.

The Most Improved Underclassman Back was Rigo Ruiz and the Most Improved Senior Back was Clarence Brown. Bernard Hammond was the

Most Improved Defensive Back and David Jones and Cornelius Brown tied for Most Improved Lineman.

Karen's Korner

BY **Karen Hansford**

Back in 1895, before most of our time, William G. Morgan invented a game of "Mintonette" or more commonly known as volleyball.

Morgan's objective was to provide some kind of sport which would not be too strenuous for the older men.

Little did he know that volleyball would in time become as much an American sport as football or basketball, although maybe not as widely acclaimed.

Lately, the residents at Glades Correctional Institute trailer park have taken up the game, playing just about every afternoon in a vacant field.

Even the women get out there and have a good time and they even show up the men once in awhile, but not too often.

They're mostly out there for fun but a few have mentioned the possibility of forming one or more teams and playing against others who are interested enough in competing with them.

John Hunter, one of the men who play regularly, said they "would take on" anyone whether it's men's teams, women's teams, or mixed.

Personally, I'm out of it. Volleyball just isn't my sport. Oh, I can hit the ball all right. But it's always in the wrong direction such as behind me, into another player, out of bounds, or under the net.

Once in awhile I get lucky and the ball sails over the net. Then I become so excited about getting it over the net I forget about it maybe coming back towards me again.

Anyway, I'll be content to stand aside and keep score-or chase the ball when it goes out of bounds. Unless they're desperately in need or an extra any other volleyball fans in Belle Glade who like to play for the heck of it and would want to play in competition.

Yep, volleyball has come a long way since the time Morgan set up a tennis net threw a bladder from a soccer ball to the players and told them to bat it back and forth until someone misses it. Then start all over again.

Nowadays we have serves, set-ups, spikes, boundaries, and whatever else there is connected to the game.

But it took some time for volleyball to become nationally known. The United States G. I.'s helped to make it internationally Association was formed and became the governing body of the sport in U.S. competition.

Finally, volleyball became an Olympic sport in 1964.

NOTES - Glades Central held their annual football awards banquet last Thursday, with Coach Dennis Fryzell of the University of Tampa as the guest speaker. Congrats to James Mims who won the Most Valuable Award as the Most Valuable Player.

The Junior Varsity Raiders, under the coaching of Coach Seider, have thus far gone undefeated, winning 12 straight. The best of luck to them...

Alliance Church Plans Missionary Conference

OLIVE KINGSBURY
...missionary-nurse, speaks

Temple Beth Shalom News

by Arthur Nagle

The World and the people living on it are in a continual crisis. It may take the forms of financial, economic or political crisis, but the fact remains that our minds conjure them up and we must face them.

It is bad and it leaves it's scars. It brings conflict and death. It brings dissatisfaction and poverty. It brings a lack of faith and desolation. It brings war and confusion. It brings a disregard for the law and justice.

But think, how else could we ever appreciate the life we live and the good there is about us to seek and behold. Sure there's wrong in the world. Certainly there is grief on this earth. Absolutely we see greed, abuse, but we can keep the scales balanced if we keep our senses of mind and remember the future can hold many remedies, cures, and solutions. We must have faith but more important, we must practice. Faith isn't 99 per cent of 72 per cent but 100 per cent of the cure.

It is imperative that we attend our Sabbath Services and pray and it can prove to be a great surprise to all, the satisfaction and unity derived from actively participating. A brief word of conversation with your neighbor or the taking of hands before and after services can ease the mind and conscience. It will help you reflect that all is not wrong in the world and in the not too distant future prosperity and happiness will abound for all.

Announcements of interest... Sincerely thanks to Hy Pearlman for donating the Fire Extinguishers to the Temple. The Sister of Natalia Nahman, Hanette visiting and recuperating from a recent illness.

Scotti Mufflers
are coming
to Belle Glade
364 S. Main

A second-generation missionary who was born and lived in mainland China until he was on years old and has found his own life work and career among the Chinese in Taiwan, will take part in a missionary conference at the Belle Glade Alliance Church.

He is the Rev. Robert Harrison, who, with his wife, was recruited for overseas work among the Chinese by The Christian and Missionary Alliance in 1962.

He will be among the guest speakers during the annual missionary convention in the Belle Glade church, located at 125 E. Canal Street N.

Dates of the conference are Feb. 3-10, with the public invited to daily sessions at 7:30 p.m. and at 11:00 a.m. and 7:30 p.m. on Sunday.

During their first term in Taiwan, formerly Formosa, in the Republic of Free China, the Harrisons ministered in the capital city of Taipei and its suburbs.

They were engaged in evangelism and teaching leading to the formation of new church groups and had wide ministries among young people because 45 per cent of the population of the city of Taipei was said to be under 15 years of age.

During the past five years, the Harrisons were stationed in the city of Taichung, in central Taiwan. One of their major areas of evangelism was in the suburbs where a housing area included a thousand families of Chinese army personnel.

"There was no other Christian work or witness in this area," Mr. Harrison reports. In his work as a Chinese congregation in Taichung, Mr. Harrison was aided by his wife, "daughter" and son in open air evangelism and had many opportunities for Christian counseling. He also designed and supervised building of a new church edifice for the congregation which is not completely self-sustaining.

Miss Olive Kingsbury, missionary nurse for 20 years among the tribes people of the Viet Nam central highlands will also be one of our speakers. A missionary nurse, whose associates were killed in the notorious Tet offensive in Viet Nam in 1968, will come here to take part in a church conference.

Miss Kingsbury, of Cayman dist. VI, since 1954 has been a medical missionary in Viet Nam with the Christian and Missionary Alliance and now at the Church of God of Belle Glade at 301 S.E. Ave. E.

The services will continue, beginning at 7:30 p.m. each evening, through Sunday night, Feb. 3.

Church pastor Roy C. Miller extends an invitation to the public to attend the revival.

REV. R. HARRISON
...missionary to China.

highlands of central Viet Nam when three of her associates were kidnapped by the Viet Cong in May, 1962.

In 1968, a few days before six of the Alliance missionaries were slain by the North Vietnamese raiders in their Tet offensive, Miss Kingsbury had gone to Phan Bon for the monthly clinical trip and so was not on the Banmethuot station during the tragedy.

During the intervening years, Miss Kingsbury has continued to direct and train Vietnamese nationals in medical and clinical care for thousands of Vietnamese and tribes people afflicted with leprosy.

During the past four years, she has aided in the direction of the Leprosy Center in Pichu, where there is a 30-bed treatment center and 21 monthly clinics in two adjoining provinces.

"She will tell of the manner in which the Alliance nursing staff doubles in roles of evangelism and teaching in every clinic and of the formation of numerous Christian churches among leprosy patients and in refugee centers."

PREVENT KITCHEN
RANGE FIRES

An estimated 100,000 burn accidents are associated with kitchen ranges each year. The majority of these fires occur when cooking oil, or fat on meat. A little advance knowledge may prevent some pain and suffering.

Presented For Baptism

Mr. and Mrs. Donald W. Bailey of Belle Glade presented their daughter "Marcy Lynn" for Baptism, Sunday Jan. 13th, at the morning service at the United Methodist Church of Lake Harbor.

The Rev. Donald F. Rock, Sr. officiated at the service. Those standing with the parents were the baby's great-aunt Mrs. Ed Kilgough of West Palm Beach, the baby's grandmother Mrs. M.M. Bailey of South Bay and Great-grandmother Mrs. H.D. Merriam of Lake Harbor. The maternal grand-parents Mr. and Mrs. R.E. Watson of Dublin, Ga. were unable to attend.

Baby Marcy wore a hand made white gown and bonnet trimmed with petite tucks and tatted lace made especially for the occasion by her great aunt.

Rev. Rock had a very meaningful service using a pink rose bud for the baptism which after the service was presented to the parents for a keepsake.

Mr. Ed Kilgough of West Palm Beach and his father from Oklahoma were also guests.

WHAT IS YOUR SOURCE OF STRENGTH?

To find out where your strength is, start with God. He is Life and Love. Then go to you. You are the image and likeness of God.

THE TRUTH THAT HEALS

Broadcast this Sunday over station WSWN.

[A Christian Science Radio Series]

The new superhighway is a masterpiece of engineering skill, yet you still can't see around the curve in the distance. Whatever lies beyond the bend is as much a mystery as it was when this was a single-lane road.

Today we are living in the space age and are exposed to fresh miracles with almost every passing hour. But we still can't "see around the bend" of life. We are as human as we ever were and have no way of knowing what is coming next.

Since the beginning of time, man has lived with this mystery. What keeps him going? For many, it is the knowledge that the answer to our fate lies in far more capable hands than ours. This is God's universe, after all, His creation, and we are His creatures.

True, you can't see around the bend. But you can equip yourself for life's journey by taking a single, all-important step. This step is toward the church of your choice.

"Eternal vigilance is the Price of Liberty"
 ★★★★★ Wendell Phillips 1852 ★★★★★

THE GOOD OLD DAYS
 ...were they? We all like to reminisce about how things used to be. Funny thing is they always were better looking back. Maybe that's because we had the leisure time for long walks in the country or to read a good book. Life today is certainly not as fast paced, and it seems we just have too many things to crowd into our days. We sometimes have to rearrange our schedules, putting immediate problems on our "priority list" and pushing other thoughts aside. Come to think of it, how long since we've considered what it really means to be an American and the importance of freedom in our daily lives? Perhaps we should take the time to remember what's really important. LET'S PUT AMERICA BACK ON OUR "PRIORITY LIST!"

Our previous heritage embodied in the flag of the United States, is as alive today as it was when written for the ages in the Declaration of Independence and the Constitution. It stands for all the world to see and for all Americans to cherish. And in the traditions of Washington, Jefferson, Madison, we, too, have a privilege, a right, and a duty. While we may disagree as to the methods, we should not disagree as to the end—that of preserving the greatest democratic society the world has ever known. Your flag is a symbol, not of a nation, but of history, the history of men and women willing to die and die for it. Surely this willingness is with us still, because daily we experience more of the freedoms that are ours—born from the American Revolution.

With seven games left in the season before going into regional playoffs, the Glades Central High School basketball team found itself in an unusual position this week.

With seasonal record of 10-4 before meeting Jupiter Tuesday night, the Raiders roundballers were tied with Pahokee for second place in the conference.

That tie should be broken one way or the other by next week. The Raiders are scheduled to play conference leading North Shore Saturday night at North Shore's gym and will meet Blue Devils Tuesday night. The Blue Devils attempt to use their home court advantage to avenge the 70-62 shellacking they suffered at the two teams' last meeting.

In the meantime, Pahokee, ranked sixth among the state's 21 teams, will butt heads with North Shore, which is currently

ranked number two in the state in 3A play.

If Pahokee beats North Shore, Raider Coach Willie McDonald said with a grin, "and we beat North Shore and Pahokee, it ought to make things pretty tight in the conference."

With their ten wins this season, McDonald has led the Glades Central to their first winning season in three years unless the team manages to lose the next seven games.

Since Jupiter has only managed to win two games this season, that doesn't appear likely, especially considering the type of play the Belle Glade high schoolers have played so far this year.

McDonald said Marvin Allen, a 5'10" senior, has been high scorer so far, with a 20.4 points per game average but the coach was also licking his chops over a couple of juniors on the squad.

In the meantime, the Raider Junior Varsity roundball team is well on its way to a second undefeated year, boasting a 12-0 record so far this year.

McDonald said the JV, under the direction of Coach Jay Seider, plays each night the varsity plays, just before the varsity game. The reason the JV team has only played 12 games so far is that they weren't involved in the Christmas tournament.

RAIDER BASKETBALL TEAM SHOWN ARE [kneeling] OSBORNE POLICE COLLIE CANNON. ...Wright, Coach McDonald, Nelson, Haffenden, Allen, Shoemaker, Jones, Glaze and Coach Jay Seider.

ROYALS

in Glades Plaza

G'Mornin.

It's me again, Cindy. Told you I'd be back.

I don't know about you but I can't function until I've had my first cup of coffee. Course, some mornings are worse than others...like Mondays. Yuck!

Then again, other mornings aren't quite so bad. Take Friday. That's a good morning because it's payday and you can look forward to the weekend.

Thursday morning's are pretty good too because you know you have more than half the week whipped. Better yet, that's the day we get the Herald (Bet you knew I'd get around to that sooner or later).

That's one of the high points of the week because I can team the Herald up with that first cup of coffee

and while I wake up, I can find out what's been happening for the past week.

Now, you can find out what's happening around the world by reading the daily papers. I do that too, but if you want to get the local news from a local angle, the Herald is the only paper around that's got it.

Besides, where else are you gonna find a paper with ads telling you about sales at Belle Glade stores, or announcements of Glades births, or the local social news, or classified ads placed by the people you want to do business with...your own friends and neighbors, or editorials with a strictly local slant.

So wake up Belle Glade; the Herald is where it's at. They don't call it the Voice of the Glades for nothing.
